Healthcare RCM firm Acquired by Meduit

Rockville, MD – December 1, 2018 – Greenberg Advisors (GA), the leading M&A advisor to owners and investors in healthcare Revenue Cycle Management (RCM) and Healthcare IT (HCIT), announced the acquisition by its client, Meduit, of an RCM firm located in the Midwest. The name of the seller has not yet been disclosed.

Greenberg Advisors served as the financial advisor to Meduit, marking the fifth M&A transaction GA has completed with its client.

The acquired firm provided services focused primarily on the back-end of the revenue cycle and represented an excellent opportunity for Meduit to expand its client base. The transaction enabled the former owner to transition to retirement with the security that his clients would be serviced by a leading RCM provider.

This transaction was the result of GA's vast relationships and the comprehensive approach utilized in retained search efforts, which are among the most proven and prolific in the RCM sector.

This is the sixth healthcare RCM and/or Healthcare IT transaction that GA has completed in 2018.
